**MORALE AND WELFARE PROGRAMS IN THE CANADIAN FORCES – PUBLIC SUPPORT TO MORALE AND WELFARE PROGRAMS AND NON-PUBLIC PROPERTY MANUAL**

**PROGRAMME DE BIEN-ÊTRE ET DE MAINTIEN DU MORAL DANS LES FORCES CANADIENNES – MANUEL SUR L'APPUI DU PUBLIC AUX PROGRAMMES DE BIEN-ÊTRE ET DE MAINTIEN DU MORAL ET SUR LES BIENS NON PUBLICS**

1. The enclosed policy manual, A-PS-110-001/AG-002 Morale and Welfare Programs in the Canadian Forces – Public Support to Morale and Welfare Programs and Non-Public Property, Volume 1, is the authority for Public support to Canadian Forces Morale and Welfare (MW) programs administered by the Canadian Forces Personnel Support Agency (CFPSA) and Non-Public Property (NPP). This new manual replaces any previous editions on Public support to MW programs administered by CFPSA and NPP.

1. Le manuel des politiques ci-joint (A-PS-110-001/AG-002, Programmes de Bien-être et de maintien du moral dans les Forces canadiennes – Soutien public aux programmes de bien-être et de maintien du moral et des biens non publics), Volume 1, fait autorité en ce qui a trait à l'appui du public envers les programmes de bien-être et de maintien du moral (BEMM) gérés par l'Agence de soutien du personnel des Forces canadiennes (ASPFC) et pour les biens non publics (BNP). Ce nouveau manuel remplace toute édition précédente sur l'appui du public aux programmes de BEMM gérés par l'ASPFC et les BNP.

2. This new manual contains all the Public and NPP statutory, financial and regulatory authorities regarding MW and NPP. Where a contradiction may exist between this manual and any other policy dealing with MW programs administered by CFPSA or the Public support to these programs, the policies in this manual shall take precedence.

2. Le nouveau manuel contient toutes les autorisations légales, financières et réglementaires à l'égard du BEMM et des BNP. Quand il existe une contradiction entre le présent manuel et toute autre politique portant sur les programmes de BEMM gérés par l'ASPFC ou le soutien public à ces programmes, les politiques du présent manuel prévalent.

have occurred over the past 20 years, identifies the significant role played by CFPSA since 1996, and includes recently-approved MW programs. It recognizes that MW programs have transitioned to operating budgets and business plans in the same manner as have all other aspects of the Defence Services Program. In this context, the manual provides the maximum levels of Public support that may be authorized by the approving authority in support of MW programs and NPP, and recognizes that the maximum level of Public support is not an entitlement. The manual confirms that Personnel Support Programs are an integral part of the departmental-approved program, and that NPP programs and activities continue to be authorized Public support as the department continues to fulfill some of its good employer responsibilities through NPP.

4. The VCDS is issuing this policy on our instructions. This new policy manual will provide the staffs at unit, base/wing, formation and NDHQ levels with long-awaited confirmation of departmental policy on Public support for MW programs administered by CFPSA and for NPP.

escadres et les formations au cours des 20 dernières années, détermine le rôle important joué par l'ASPFC depuis 1996 et comprend les programmes de BEMM qui ont été approuvés récemment. Il reconnaît que les programmes de BEMM sont passés dans les budgets de fonctionnement et les plans d'activités de la même manière que tous les autres aspects du Programme des services de la Défense. Dans ce contexte, le manuel offre les niveaux maximaux d'appui public qui peuvent être autorisés par l'autorité approbatrice en appui aux programmes de BEMM et des BNP et reconnaît que le niveau maximal d'appui public n'est pas un droit. Le manuel confirme que les programmes de soutien du personnel sont une partie intégrale des programmes approuvés par le Ministère et que les programmes et les activités BNP continuent d'être un appui public autorisé. Le Ministère continue de remplir certaines de ses responsabilités de bon employeur grâce aux BNP.

4. Le VCEMD émet cette politique selon nos recommandations. Ce nouveau manuel de politique offrira au personnel des unités, des bases/escadres, des formations et des niveaux au QGDN une confirmation sur l'appui public envers les BNP et les programmes BEMM gérés par l'ASPFC.

  - a. technical words and phrases, and words that have acquired a special meaning within the CF shall have that special meaning; and
  - b. words and phrases that are defined within Queen's Regulations and Orders (QR&O) or within the *Interpretation Act*, or the *National Defence Act* (NDA) shall have that meaning.
5. Unless the contrary intention appears, words in the singular include the plural and words in the plural include the singular.
6. In this policy:
  - a. "may" is permissive and "shall" is imperative;
  - b. "should" is informative only;
  - c. "practicable" means "physically possible";
  - d. "practical" means "reasonable in the circumstances", and
  - e. "public" with an upper case "P" refers to the Crown in right of Canada.

7. In this policy, the term “unit” is interpreted to include a CF base, wing, garrison, station, support unit, or Her Majesty’s Canadian Ship (HMCS) .
8. The term “Commanding Officer” (CO), except when the Chief of the Defence Staff (CDS) otherwise directs, shall mean an officer in command of a base, wing, garrison, station, support unit, or other element of the CF.
9. A list of terms and definitions relevant to this policy is provided at the end of this manual.

## **SECTION 2 - MW PROGRAMS OVERVIEW**

### **MW PROGRAMS DEFINED**

16. The MW programs described in this policy are those administered by CFPSA using a combination of Public and NPP resources. MW programs are a chain of command responsibility, an essential component of the operational readiness and effectiveness of the CF, and contribute to the well being of CF members and their families.

17. While there are other CF activities, such as social work and chaplain programs that contribute to the well being of CF members and their families, CFPSA does not administer these activities, and, for the purpose of this policy, they are not considered MW programs.

### **EVOLUTION MW PROGRAM DELIVERY MODEL**

#### **FROM 1968 TO 1996**

18. The provision of MW programs through a combination of Public and NPP resources is a long-standing, accepted and effective practice that is consistent with the underlying statutory and legal framework of NPP.

19. Prior to Unification of the CF, virtually all NPP activities were controlled and managed at the local level. A study by Rear Admiral C.J. Dillon in 1966 made far-reaching recommendations for a common system of NPP control and administration. In 1969, TB minute 689194 introduced the concept of delivering MW programs through a combination of Public and NPP resources. The implementation of Rear Admiral Dillon's report and approval of TB minute 689194 shaped the conduct of MW program delivery in the CF for the next thirty years.

20. Immediately upon Unification in 1968, the Director General Personnel Services (DGPS) was created, reporting to the Chief of Personnel. DGPS was responsible for NPP operations and Publicly funded fitness training and sports programs. At the same time, most resale activities were consolidated under the newly created CANEX.

21. In 1969, NPP funds held independently by units of the three services were consolidated into the Canadian Forces Central Fund (CFCF). The CFCF committee was created to provide guidance for NPP and Messes of Regular Force units. Service Income Security Insurance Plan (SISIP) was created as an organization within Director General Compensation and Benefits (DGCB) to provide insurance services, and the Canadian Forces Personnel Assistance Fund (CFPAF) was created to provide financial assistance for CF members.

22. In 1971, the CDS created the Non-Public Fund Board of Directors (NPF BOD) to assist him in administering NPP. In 1974, TB approved A-PS-110-001/AG-002 and DND/CF issued this policy manual under authority of the CDS. This served as the principle authority for the provision of Public support to MW programs until 2007.

23. The NPF BOD assumed direct oversight for NPP activities, including the CFCF in 1974, the CFPAF in 1991, and SISIP and CANEX in 1996. Independent boards or committees had controlled these NPP activities previously.

**CREATION OF THE CANADIAN FORCES PERSONNEL SUPPORT AGENCY (CFPSA)<sup>1</sup>**

24. In 1996, the Defence Management Committee introduced a new “MW” concept that was implemented in the CF through VCDS Instruction 3/96. This instruction marked three significant milestones in the delivery of MW programs:

- a. DGPS was reorganized as CFPSA, a NPP organization. DGPS became the President and CEO CFPSA, a civilian appointment, responsible to ADM(HR-Mil)<sup>2</sup> and responsive to the NPF BOD;
- b. all elements of Public and NPP MW programs delivery were consolidated under a single NPP organization, CFPSA; and
- c. specific Public MW programs were delivered through the NPP organization administered by CFPSA, with the cost of implementation reimbursed by the Public to NPP.

25. To deliver Public MW programs through NPP, in 1996 CFPSA was funded for 427 NPF Staff who replaced 499 military positions. The number of Publicly Reimbursed NPF Staff has increased since that time as the number of Public MW programs delivered through CFPSA has grown.

26. In 2002, the CDS replaced the term “Personnel Support Programs (PSP)” with “Morale and Welfare (MW) Programs”. With this change, the term PSP refers to only the sub-set of MW programs delivered by the Executive Vice President Personnel Support Programs.

27. In 2003, the publication of DAOD 9003-1, Governance Framework for NPP BOD and CFPSA, changed the name of the “NPF BOD” to “NPP BOD” to reflect correctly the use of the term “NPP” as used in the *National Defence Act*.

28. In 2004, the CDS issued the CDS Guidance Canadian Forces Morale and Welfare Programs to serve as the foundation for the revision of MW policies. The CEO CFPSA position was assigned to a CF member. The CDS Direction Canadian Forces Personnel Support Agency refined the responsibilities and reporting relationships of the CEO CFPSA.

29. In 2006, a revised DAOD 9003-1 renamed the “NPP BOD” to the “NPP Board” (NPPB) and appointed the Chief of Military Personnel as the Chair.

30. Table 1-2-1 below identifies responsibility for the control and administration of MW programs and NPP.

---

<sup>1</sup> Although the word “agency” is part of the title, CFPSA is neither a non-defence agency, a special operating agency, nor a separate statutory agency. CFPSA is an administrative construct of the CDS established to assist the CDS in his statutory responsibilities for NPP. The term “agency” has no special significance.

<sup>2</sup> This position became the Chief of Military Personnel (CMP) effective 1 Apr 06.

<sup>3</sup> The effective NPP chain of command is the CDS through CMP/CFPSA to COs.

## CATEGORIES OF MW PROGRAMS FOR FUNDING PURPOSES

31. DND, the CF and the Canadian Forces Personnel Support Agency (CFPSA) support MW programs using a combination of Public and NPP resources. MW programs fall in one of two categories as follows:

- a. **Public MW Programs** – MW programs which are Public programs and 100% funded by the Public; or
- b. **NPP MW Programs** – MW programs that may have a Public component and receive a level of Public support less than 100%. All MW programs that are not Public MW programs as identified in this policy, are NPP MW programs.

### PUBLIC MW PROGRAMS

32. Public MW programs are an integral component of the DSP. These include:

- a. Messes and Service Clubs (less bar operations and entertainment);
- b. Military Fitness and Sports Program;
- c. Military Family Services Program (MFSP);
- d. Health Promotion Program (HPP);
- e. Support to Deployed Operations; and
- f. SISIP Financial Services (SISIP FS) (Financial Counselling and Financial Education programs).

33. Funding for Public MW programs is subject to approval in the annual departmental business planning process both centrally and locally as appropriate. Public MW programs are funded and delivered in one of four ways:

- a. directly through DND/CF resources (e.g. military stewards serving as Mess managers);
- b. through CFPSA using NPP resources including NPF Staff whose salaries and overhead costs are reimbursed by the Public (e.g. fitness instructors and PSP managers);
- c. through non-defence organizations (e.g. MFRCs); and
- d. on a fee-for-service basis (e.g. SISIP FS Financial Counselling and Financial Education programs).

34. Although the CDS may approve, on occasion, NPP funding support for a Public MW program, the program shall remain a Public MW program and responsibility.

### NPP MW PROGRAMS

35. In recognition of its duty as an employer, the Public provides a specific level of support to NPP MW programs to ensure CF members and their families have access to amenities similar to those provided in municipalities.

36. The level of Public support provided to NPP MW Programs may vary over time and between locations depending on resources available and the CO's assessment of NPP

MW needs against other priorities. The actual level of Public support to these programs is subject to approval in the annual departmental business planning process both centrally and locally as appropriate.

37. Public support, to the specified levels described in this policy, may be authorized for the following NPP MW Programs:

- a. Community recreation programs;
- b. CANEX operations;
- c. Specialty Interest Activities; and
- d. SISIP FS (Long Term Disability,<sup>4</sup> Spousal Disability Life Insurance, Term Life Insurance, Financial Planning and CFPAF).

38. In addition to NPP MW Programs identified in paragraph 37 above, Public support is provided to CFPSA for NPP accounting, NPP human resource services, information management and information technology (IM/IT), NPP internal audit and review and other support that may be approved in the departmental business planning process.

### **TB AUTHORITY FOR PUBLIC SUPPORT TO NPP MW PROGRAMS**

39. TB authority for Public support to NPP MW Programs, and the delivery of NPP MW programs through NPP, is provided in TB minute 689194, Guiding Principles for the Provision of Services and Recreational Facilities at CF Establishments and the Provision of Support to CANEX and Associated Non-Public Fund Organizations. The following policies established by TB minute 689194 are fundamental to NPP MW Programs:

- a. a reasonable level of goods, services and recreational facilities should be available to CF members in their area of service. Where those levels are inadequate, the department's responsibility as an employer to ensure their availability, where practicable and desirable, may be discharged through a system of NPP organizations;
- b. the operation of CANEX and the associated NPP organizations, may be supported from within departmental resources of personnel and property, including accommodation, and by the provision of transportation, communications, and other services; and
- c. a portion of the revenues generated by the system may be applied to provide a reasonable level of community and recreation services.

### **RECOVERY FROM NPP**

40. The Public shall recover from NPP the cost of Public support provided to NPP MW Programs in excess of the levels authorized in this policy. This recovery, based on either the actual or the estimated cost of Public support, shall be made annually on or before 31 May for the previous fiscal year in accordance with Financial Administration

<sup>4</sup> Premiums funded 85% by the Public through TB and 15% by the CF member.

Manual (FAM) Chapter 1019-8, Reporting and Recovery of Public Support to Shared Activities of Personnel Support Programs.

41. For the purpose of calculating and recovering Public support in excess of levels authorized in this policy, CANEX concessions are considered NPP MW activities.
42. Where recovery from NPP is required, the cost of utilities shall be the actual cost to DND/CF, and shall not include administrative costs or amortized capital costs. The cost of utilities that are not metered shall be estimated.
43. Occasional Use<sup>5</sup> of a Public facility for an NPP MW program may be authorized when the facility is not required on a full-time basis by the Public. The cost of maintenance and utilities is a Public responsibility for Occasional Use facilities. The Public shall recover the cost of additional cleaning or security services resulting from NPP MW use.

<sup>5</sup> Refer to Chapter 2 Section 2, NPP Use of Federal Real Property.

## **SECTION 3 – PRINCIPLES FOR PUBLIC SUPPORT TO MW PROGRAMS**

### **GENERAL**

44. MW programs contribute both directly and indirectly to operational readiness and effectiveness. The CF has a commitment to ensure that, wherever they serve, CF members and their families have access to a reasonable level of MW programs and facilities. The demands of military life create personal hardships and disruption that can disadvantage CF members and their families in comparison to others within Canadian society. Effective MW programs promote high standards of fitness and morale, encourage the retention of trained members, and attract new recruits.

45. The CDS Guidance Canadian Forces Morale and Welfare Programs recognizes that ensuring access to an appropriate range of MW programs enhances the well-being of CF members and their families and contributes to military operational effectiveness and readiness. Additionally, the CDS Guidance acknowledges that not all MW programs will receive equal support across the CF.

46. The department's Public responsibility for MW is met in a variety of ways, including direct Public funding, use of Public resources, and arrangements for use of civilian facilities.

47. Table 1-3-1 below describes the principles expressed in the CDS Guidance related to support to MW programs.

**Table 1-3-1**  
**CDS Guidance CF Morale and Welfare Programs**

Item	CDS Guidance
Commanding Officers (COs)	<ul style="list-style-type: none"> <li>COs of static and deployed units, under the guidance of the chain of command, are responsible for the MW of CF members within their units and, where applicable, their families.</li> </ul>
Public Resources	<ul style="list-style-type: none"> <li>The VCDS designates MW programs that may be supported with Public resources, defines the level of spending authority, and formalizes arrangements through which CFPSA receives Public funds to provide MW programs.</li> </ul>
Level of Service	<ul style="list-style-type: none"> <li>Wherever required to serve, CF members and their families should have access to a reasonable level of goods, services, facilities and programs that contribute to their financial, physical, emotional and spiritual well-being.</li> <li>MW programs should be adapted to the specific needs of each military community. Therefore, not all programs are offered in all military communities. A CO need not provide a program to which members and families have access through the local community.</li> <li>In terms of range and availability, MW programs should, wherever practicable, be comparable to those for a progressive Canadian community.</li> </ul>
Recipients	<ul style="list-style-type: none"> <li>MW programs are intended to benefit CF members and, where applicable, their families and former members and their families.</li> <li>The needs, conditions and impacts of service vary between Regular Force and Reserve Force members, and among members of the three subcomponents of the Reserve Force (Primary Reserve, Canadian Rangers and the Cadet Instructor Cadre). Therefore, not all MW programs will necessarily apply or be applied equally to all CF members and their families.</li> </ul>

## SECTION 4 - ACCESS POLICY FOR MW PROGRAMS

### OVERVIEW

48. Only CF members and other authorized patrons as described in this policy may use MW programs. COs may exercise discretion to limit or prohibit the access of any person to MW programs.

49. COs may delegate their authority to approve access to MW programs to the PSP manager or Base/Wing Services Officer when there is no membership committee, PMC or CANEX manager as applicable. Outside Canada, access to MW programs by authorized visitors may be limited pursuant to agreements between Canada and the host state and other international agreements and arrangements.

## CHAPTER 2 – NON-PUBLIC PROPERTY (NPP)

### SECTION 1 - GENERAL

#### ROLE OF NPP

1. NPP is an important asset used by the CDS and COs to build and maintain the MW of CF members. Clear and effective military management at all levels of the NPP accountability framework is essential.

#### NATURE OF NPP

##### RELATIONSHIP BETWEEN PUBLIC AND NPP

2. Section 2 and sections 38 to 41 of the NDA create NPP as a legally distinct form of Crown property. Public property and NPP are two distinct types of Crown property, which are vested in, and administered by, agents of the Crown. Although both Public and NPP may be vested in the same individual, each retains its distinct legal identity and remains subject to a separate accountability framework.

3. The NPP accountability framework, established pursuant to the NDA, is distinct from the Public accountability framework and unique to NPP. The allocation and expenditure of NPP is subject to the direction of the MND and CDS.

4. Under NDA section 41(3), the *Financial Administration Act* (FAA) does not apply to NPP. NPP is a category of Crown property that is not subject to the rules and regulations for the administration of Public property. Because NPP is not subject to the FAA, it is also not subject to the regulations made pursuant to the FAA, such as the Government Contracts Regulations (GCR). The CEO CFPSA, as approved by CMP, establishes the policies and procedures governing contracting for NPP purposes.

5. Notwithstanding, as a matter of policy, the CDS has directed that the management of NPP be aligned closely with the Public accountability framework. An example of this is the Delegation of Signing Authorities for NPP, which is consistent with the separation of the responsibilities contained in the FAA.

##### COMPOSITION OF NPP

6. Section 2 of the NDA states that NPP includes:
- a. all money and property, other than issues of materiel, received for or administered by or through messes, institutes, or canteens of the CF;
  - b. all money and property contributed to or by officers, non-commissioned members, units or other elements of the CF for the collective benefit and welfare of those officers, non-commissioned members, units, or other elements;
  - c. by-products and refuse and the proceeds of the sale thereof to the extent prescribed under Section 39(2) of the NDA; and
  - d. all money and property derived from, purchased out of the proceeds of the sale of, or received in exchange for, money and property described in subparagraphs a to c above.

**CFCF**

7. The CFCF means the aggregate of all Non-Public moneys that are on deposit at the credit of NPP organizations and from which all NPP disbursements are made. NPP includes both real property (interest in land) and personal property (interest in any property other than land). The money component of NPP, referred to as Non-Public Funds (NPF), includes funds from:

- a. revenues from NPP programs, services and activities, including resale activities;
  - b. sale of NPP;
  - c. fees, charges or bar activities of NPP organizations;
  - d. rental of NPP-financed community recreation program facilities or equipment;
  - e. donations or contributions to NPP organizations;
  - f. investment of NPF through the CFCF; and
  - g. the Public as reimbursement for Public MW Programs delivered using NPP resources.
8. The CFCF may provide:
- a. recurring operating grants, approved by the CDS, to bases, wings, support units, stations, ships and other units of the CF to assist them in local NPP operations, programs and activities. These operating grants may be used to repay (service) outstanding CFCF loans;
  - b. subsidies to the delivery of NPP services and operations (e.g. NPF accounting, NPP human resource services, IM/IT, and the operation of the CFPSA) as approved by the CDS;
  - c. grants to major capital projects, including national NPP and shared funding Public and NPP infrastructure programs, approved by the CDS;
  - d. interest free loans to provide start up capital for NPP operations, programs and activities for newly established units and for Deployed Operations;
  - e. write-offs, approved by the CDS, or, by the CEO of CFPSA within the delegated capital approval limit, of outstanding CFCF loans;
  - f. interest bearing loans to support NPP capital projects; and
  - g. any other purpose approved by the CDS.

**LEGAL LIABILITY FOR NPP**

9. The legal liability of the CDS or a CO, when acting within the scope of their duties in their NPP capacity under the NDA, is not a personal liability, but is a liability only in their capacity as CDS or CO. The Crown indemnifies them when they are acting within their NPP capacity. In effect, the liability of the CDS or a CO is similar to that of a corporation president or a trustee when acting within the scope of their duties. A

personal liability may occur, however, in case of gross negligence, wilful misconduct, or a violation of certain legislation such as the *Environmental Protection Act*.

10. Pursuant to section 40 of the NDA, the conditions under which and the extent to which an officer or non-commissioned member is liable to make restitution in respect of loss or damage to non-public property resulting from the negligence or misconduct of that officer or non-commissioned member shall be as prescribed by the Minister.

#### **NPP VESTED IN CDS AND COs**

11. The NDA “vests” NPP in the CDS and COs while they act in their official capacities. All NPP that is not vested in COs is vested in the CDS. The CDS and COs administer NPP for the benefit of CF members and their families or for any other purpose approved by the CDS. Officers in whom NPP is vested hold that property for and on behalf, or as the agents or representatives of, the Crown. The NDA allows the MND to provide direction to the CDS regarding the exercise of certain authority regarding NPP.

#### **USE OF NPP**

12. The NDA provides that NPP shall be used for the benefit of CF members, former members, their dependants, or for any other purpose approved by the CDS. Section 39 (3) of the Act also provides that, except as authorized by the CDS, “no gift, sale or other alienation or attempted alienation of non-public property” is effectual to pass the property therein. Specific limitations on the use of NPP are provided in paragraphs 13 to 15 below.

#### **NPP GIFTS OR OTHER DONATIONS**

13. Pursuant to the authority under section 39 (3) cited above, the CDS has directed that NPP shall not be alienated:

- a. by gifts to private or public institutions;
- b. to relieve a CF member of their personal responsibility for loss or damage to NPP;
- c. for testimonials or gifts; or
- d. for national appeals for financial assistance.

14. Grants or transfers of NPP to charitable or other organizations that are not NPP activities require CDS approval.

#### **REPRESENTATIONAL EXPENSES**

15. The CDS annually authorizes COs to use unit NPP to meet obligations to represent DND/CF, where such expenses contribute to the MW of CF members, their families and former members, and are outside the scope of the DSP. Representational expenses shall not be used for:

- a. an expense payable under DAOD 1017-1, Procedure for Extending Hospitality in Canada; or
- b. items listed in paragraph 13 above, except that items of a symbolic or commemorative nature may be presented to honoured guests on occasions of special significance.

**FUNDS RECEIVED FOR A SPECIFIC PURPOSE**

16. COs may establish separate NPF trust accounts to administer funds allocated or donated for a specific purpose, or acquired through fund raising events held for that purpose. Funds received for a specific purpose shall be used only for that purpose. Such funds include:

- a. O&M grants as established in QR&O 210; and
- b. donations received or collected for specific purposes.

**STAFF OF THE NON-PUBLIC FUNDS, CANADIAN FORCES**

17. Both DND Public Service employees and NPF Staff are employed by Her Majesty the Queen in right of Canada, meaning that both groups of employees are part of the federal Public administration, or “public servants”. The difference between NPF Staff and DND Public Service employees is who their employer is.

**DEFINITION**

18. The Public Service Labour Relations Act defines “employer” as follows:

- a. “employer” means Her Majesty in right of Canada as represented by:
  - i. the Treasury Board, in the case of a department named in Schedule I to the *Financial Administration Act* ...; and
  - ii. the separate agency, in the case of a portion of the federal Public administration named in Schedule V to the *Financial Administration Act*.

19. As DND is a Department, most DND Public Service employees are employed by “Her Majesty in right of Canada as represented by Treasury Board”.

20. Among the many separate agencies referred to in 18(a) (ii) above is the Staff of the Non-Public Funds, Canadian Forces. Because the Staff of the Non-Public Funds, Canadian Forces is one of the separate agencies named in Schedule V of the FAA, the employer of NPF Staff is: “Her Majesty in right of Canada as represented by the Staff of the Non-Public Funds, Canadian Forces”.

21. For the majority of Public servants in Departments, Treasury Board is responsible for personnel management, and the Public Service Commission is responsible for establishing the rules with respect to appointments to positions. The effect of being a separate agency is that the Governor-in-Council can decide who will be responsible for setting personnel management policies and the rules regarding appointments to positions.

22. In 1978, the Minister of National Defence was named by Order-in-Council as the person responsible for personnel management for the Staff of the Non-Public Funds, Canadian Forces. The Minister delegated this authority to the CDS or his sub delegate.

23. Between 1978 and 1982 the Public Service Commission remained responsible for establishing the rules with respect to appointments to positions within NPF Staff, but in 1982 the Minister was authorized by Governor-in-Council Regulations to assume those responsibilities as well. That authority has also been delegated to the CDS or his sub delegate.

24. This reflects the fact that the federal Public administration has been organized so that different persons or bodies are responsible for the appointment of Public servants and for personnel management within the various elements of the Public service. In the case of NPF Staff, the CDS or his delegate has the power to set the rules governing both appointments to positions and personnel policies. Treasury Board policies that may apply to other elements of the Public service do not apply to NPF Staff.

25. However, numerous other federal employment and employment-related statutes do apply to NPF Staff. These include the Official Languages Act, the Public Service Labour Relations Act (dealing with employer/employee relations, bargaining and disputes), Part II of the Canada Labour Code (dealing with occupational health and safety), the Employment Equity Act (dealing with correcting conditions of disadvantage), the Canadian Human Rights Act (dealing with equal opportunity and discrimination) and the Canadian Charter of Rights and Freedoms (dealing with the protection of personal rights and freedoms, equality of treatment and providing a means to challenge government decisions, programs and laws).

26. The CDS has directed that human resource management of NPF Staff at CFPSA be closely aligned with the HR policies and practices of DND Public Service employees. The administration of NPF Staff is described in Chapter 3, Section 6 of this manual.

### **UNREGULATED ACTIVITIES**

27. The CDS has directed that all unit activities must be administered within either the Public accountability framework or the NPP accountability framework.

## SECTION 2 - NPP USE OF FEDERAL REAL PROPERTY

### AIM

28. Treasury Board Decision 829183 of September 27, 2001, approved the policy on the use of DND controlled federal real property that is allocated to NPP activities and administered in accordance with DND's NPP accountability framework, policies and procedures. The approval was granted on condition that such property will be administered in accordance with DND's Policy entitled "NPP Use of Federal Real Property".

29. This section is the policy for NPP use of federal real property, and it applies to all federal real property used for NPP administered MW programs. This policy does not apply to NPP real property that is acquired by Her Majesty in right of Canada as represented by the CDS or a CO acting in their NPP capacity.<sup>6</sup>

30. When federal real property is allocated for an MW purpose, it is used to meet the needs of the DSP. The use of federal real property for NPP MW, therefore, is distinct from real property that is surplus to requirement and offered for disposal in accordance with the *Federal Real Property and Federal Immovables Act* (FRPFIA).

31. All NPP administered federal real property falls into one of two categories:

- a. Dedicated Use – facilities used on a full time basis for MW activities, such as CANEX grocery and retail operations, messes, community centres, and specialty interest activities; or
- b. Occasional Use - facilities normally used for a Public purpose, but are used on an "as required" basis for NPP MW activities, such as the temporary use of a gymnasium, arena, pool, sports field or a drill hall for a Base fund craft sale.

32. A distinction is required between real property that is allocated to NPP use, and that which is administered by MW program staff for a Public purpose. MW program staffs administer gymnasias, but these facilities are not allocated to NPP use.

33. Where, in light of the use to be made of allocated land, the Crown is required to engage in an aboriginal consultative process; the Crown Public shall lead, and NPP shall cooperate in, that process.

34. Once federal real property is allocated either for Dedicated Use or Occasional Use by NPP, then the property is administered in accordance with the NPP accountability framework.

35. Once federal real property allocated for Dedicated Use or Occasional Use by NPP is no longer required for NPP MW activities, then the property should be returned to the Public/FRPFIA accountability framework.

---

<sup>6</sup> NPP real property acquired by the CDS or a CO acting in their NPP capacity is NPP real property not located on federal real property within the meaning of the FRPFIA.

## **COST RECOVERY FOR NPP USE OF FEDERAL REAL PROPERTY**

36. Depending on the level of Public support to NPP required to maintain operational readiness, a CO may decide to recover all, some, or none of the incremental Public cost of NPP use for MW programs. The amount recovered shall not exceed the incremental cost to the Public. The cost of Public support provided is reported in accordance with FAM Chapter 1019-8, Reporting and Recovery of Public Support to Shared Personnel Support Program Activities.

## **THIRD PARTY USE FOR NPP PURPOSES<sup>7</sup>**

37. A third party may use federal real property for NPP purposes when an ongoing MW program is required which cannot practically be delivered through an NPP organization, or when real property is used temporarily for MW programs or services. The CDS or a CO may grant a license to the third party to use the federal real property to meet a MW program objective through a Concession Agreement.

38. In the event a CO wishes to make federal real property available for resale activities that are not part of Messes or Specialty Interest Activities, these shall be arranged and administered through CANEX.<sup>8</sup>

## **NATIONALLY BRANDED SERVICES**

39. CANEX has a mandate to provide the mix of goods and services generally available to Canadians living in progressive Canadian communities and required by members of the CF and their families. In fulfilling this mandate, CANEX must know its market and carry those goods and services that are demanded in each specific retailing circumstance. Access to nationally branded goods and services is essential to fulfill the expectations of CF members and their families.

40. Once the appropriate brand is determined, CANEX has two methods of delivering the service: franchise or concession arrangements. If franchising is selected, then NPP “owns and operates” the business. If CANEX does not seek to or does not have the opportunity to own and operate a franchise, CANEX will enter into a Concession Agreement (license) with either the corporate owner of the franchise rights or a franchisee for use of the federal real property for NPP purposes. Such licenses are excluded from the operation of section 4 of the FRPFIA.

## **MARKET VALUE**

41. When the CDS or a CO enters an agreement with a third party under this policy, the consideration for use of the property paid by the third party is market value for the specified use as determined on a competitive basis.

42. The market value for a facility used for a specific NPP requirement may not be equal to the market value for the same facility if it were offered for an unspecified use. For example, general retail space will have a specific market value in a particular area. If, however, a specific service, such as a barbershop, is required to meet MW program

---

<sup>7</sup> An example is a CANEX concession as described in Chapter 3, Section 3.

<sup>8</sup> In locations not serviced by CANEX, COs should consult CANEX representatives supporting the unit for assistance in arranging and administering federal real property for MW purposes.

needs, then the market value is the highest amount a barber would be prepared to pay to use the facility. Although this may be less than the amount that would be received if the facility were offered for an unspecified purpose, it is considered the market value for the purpose of this policy.

**COLLECTION AND DISTRIBUTION OF REVENUE**

43. All revenue for third party use of federal real property administered as NPP is collected and distributed by NPP as summarized in Table 2-2-1.

44. If the revenue for an Occasional Use facility is greater than the combined NPP/Public cost, then the respective costs are paid, and the balance divided based on an agreement between NPP and the Public. Where the revenue is equal to the combined costs, then NPP retains a portion equal to the NPP cost, and pays to the Public a portion equal to the Public cost. If the revenue is less than the combined NPP/Public cost, then the revenue is distributed based on an agreement between the NPP and Public.

45. All revenue for Dedicated Use facilities is retained by NPP.

**Table 2-2-1  
Distribution of Revenue for Facilities Used By A Third Party**

Recovery Amount	Occasional Use	Dedicated Use
Exceeds combined Public/NPP cost	NPP retains revenue equal to NPP costs, pays Public for Public costs, and balance divided in accordance with agreement between NPP and Public.	All revenue collected for third party use is retained by NPP, with NPP absorbing any shortfall between the total operating cost and revenue collected.
Equal to combined Public/NPP cost	NPP retains revenue equal to NPP costs and pays Public for Public costs.	
Less than combined Public/NPP cost	Revenue shared based on agreement between NPP and Public, and NPP pays to Public agreed upon Public share.	

## **SECTION 3 – TRANSFER OF NPP GOODS FROM CANEX TO THE PUBLIC**

### **AUTHORITY**

46. Subject to the limitations provided in this policy, NPP goods may be transferred from CANEX to the Public. These transfers are intended primarily to meet urgent operational requirements that cannot be filled by an alternate commercial supplier. This authority does not apply to services, which must be considered on a case-by-case basis by CEO CFPSA in consultation with appropriate DND OPIs.

### **LIMITATIONS**

47. In the event the Public requires CANEX NPP in support of the DSP, a transfer of goods from NPP to the Public may be completed, subject to the following limitations:

- a. the transfer represents best value for money;
- b. the goods are available to authorized CANEX patrons;
- c. the cost does not exceed the cost price of the goods plus up to 15% for general and administrative overhead, or the normal retail cost, whichever is less;
- d. the total value of goods transferred does not exceed \$5,000; and
- e. transfer arrangements shall not be made to support a continual or ongoing need for specific goods on a standing offer like basis.

48. The same standards currently in use at the unit level for acquisition shall be used. Responsibility centre managers shall ensure compliance with local product restrictions and the transfer is subject to the same conditions as other forms of acquisition.

### **TRANSFER PROCESS**

49. All transfers are subject to the procedures and guidelines contained in FAM Chapter 1016-7-1 and the payment provisions of the FAA. In Canada, the only acceptable form of Public fund payment to support a NPP transfer from CANEX is an authorized Government of Canada Payment Card. The use of a Payment Card will allow for centralized monitoring of the level of NPP transfers. The use of petty cash, departmental bank account (DBA) cheque, or other payment methods, as a means of reimbursement, is not authorized.

50. For units outside Canada or deployed on operations, the government of Canada Payment Card is the preferred method of payment. Where the nature of the CANEX operation does not permit the use of a Payment Card, an alternate payment tool may be used. However, all transactions settled via these alternate tools shall be reported on a quarterly basis to the applicable Level 1 Comptroller, for onward transmission to NDHQ/DG Fin Mgmt.

51. To ensure that there is no conflict of interest, goods transferred from CANEX to the Public shall be excluded from all royalty calculations.

**AUDIT AND REVIEW**

52. The transfer of NPP goods to the Public shall be reviewed in accordance with departmental direction. NPP transfers will be included as a part of site assistance visits and reviewed annually to ensure adherence with best practices.

## SECTION 4 – CANADIAN FORCES MUSEUMS

### ROLE AND STATUS

53. CF museums preserve and interpret Canadian military heritage to increase a sense of identity and esprit de corps within the CF. Military memorabilia and artefacts that have not been given museum status are designated as historical collections.

54. CF museums are not MW programs administered through CFPSA, but are NPP programs. Although not MW, each CF museum is an NPP activity subject to the NPP accountability framework.

55. The procedures to establish an accredited CF museum or to obtain official status for an existing historical collection are described in CFAO 27-5.

### PUBLIC SUPPORT

56. The use of Capital funds is not authorized for the construction or renovation of buildings for CF museums. In accordance with CFAO 27-5, the following Public support may be authorized for CF museums:

- a. an annual Public grant to assist with the operation a CF museum;
- b. employment of a CF member or Public Service employee in a full-time position, where there is an established position;
- c. employment of a CF member, subject to military requirements, on a part-time basis as a secondary duty;
- d. use of serviced accommodations (facilities), subject to availability;
- e. maintenance costs of facilities, subject to availability of resources;
- f. office furniture and office supplies on an as required basis, subject to availability of resources;
- g. security and safety precautions;
- h. showcases, security devices, mannequins and descriptive labels, subject to availability of resources;
- i. DND materiel that is obsolete or in excess of CF requirement; and
- j. movement, maintenance and restoration costs of display items, subject to availability of resources.

57. A CO may establish a historical collection. In accordance with CFAO 27-5, the following Public support may be authorized for a historical collection:

- a. use of serviced accommodations (facilities), subject to availability;
- b. DND material that is obsolete or in excess of CF requirements, and
- c. security and safety precautions.

58. Public support to CF museums and historical collections shall be reported in accordance with FAM Chapter 1019-8, Reporting and Recovery of Public Support to Shared Activities of Personnel Support Programs.

## **SECTION 5 – SHIPS NPP RESALE OPERATIONS**

59. Living conditions on board ships are substantially different from those on land. Therefore, the following policies pertain to NPP resale activities on board CF ships:

- a. no full-time positions will be established on board any CF marine vessel solely for the support of NPP resale outlets;
- b. CF members may be assigned secondary duty positions in support of NPP resale outlets, including employment during on-duty or off-duty hours;
- c. re-supply of inventory for NPP resale outlets in ships on exercises or trials may be carried out by a re-supply ship, with no recovery from NPP for handling or storage;
- d. utilities and maintenance to NPP resale outlets in ships shall be provided at Public expense; and
- e. capital cost of construction of new ships includes the cost of fixtures and equipment for NPP resale outlets at Public expense.

## **CHAPTER 3 – CFPSA ADMINISTRATION OF MW PROGRAMS AND ACTIVITIES**

### **SECTION 1 – CFPSA**

#### **DND/CF SUPPORT**

1. DND/CF support is essential for the effective delivery of MW programs administered through CFPSA. CFPSA is responsible for Public MW Programs and for NPP MW Programs to the extent necessary for the CDS and COs to discharge their responsibility for NPP under the provisions of the NDA.

#### **CFPSA MISSION, ROLE AND OBJECTIVES**

2. CFPSA is a NPP organization established in 1996. The mission of the CFPSA is to enhance the morale and welfare of the military community, thus contributing to the operational readiness and effectiveness of the CF. The role of CFPSA is to deliver Public MW programs on behalf of CMP and to administer NPP and NPP MW Programs on behalf of the CDS. The objectives of CFPSA are to:

- a. deliver quality MW programs, products and services;
- b. satisfy MW needs of the military community;
- c. foster a professional, dedicated team;
- d. oversee and ensure the viability of all NPP; and
- e. administer NPP efficiently and effectively.

#### **ORGANIZATION**

3. CFPSA has three operational divisions and three support divisions in support of MW programs. The operational divisions are:

- a. PSP;
- b. CANEX; and
- c. SISIP FS.

4. The support divisions are:

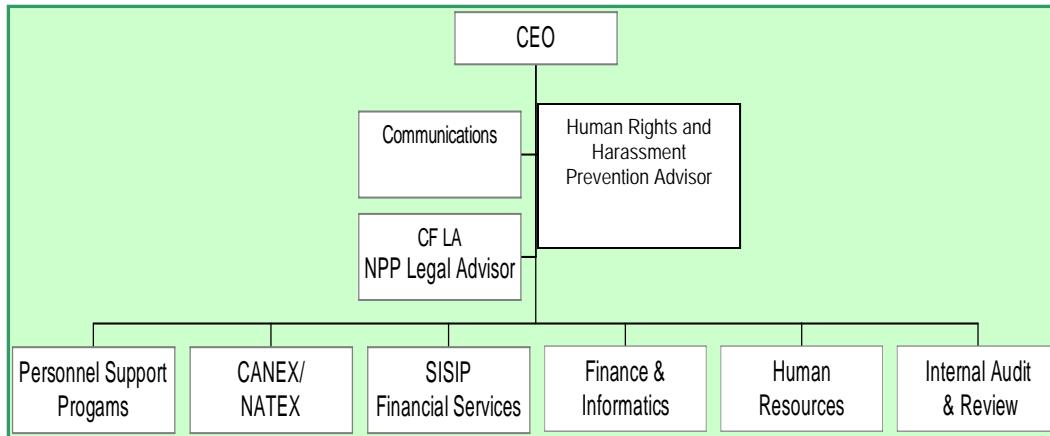

- a. Finance and Informatics;
- b. Human Resources; and
- c. Internal Audit and Review.

#### **CFPSA LEADERSHIP**

5. CFPSA is administered under the direction of a CEO with the support of division presidents, vice presidents and support staff. Table 3-1-1 below shows the organization chart for CFPSA.

**Table 3-1-1  
CFPSA Organization Chart**

### CEO CFPSA

6. As executive manager of CFPSA, the CEO performs duties similar to those of a chief executive responsible for a large and diverse private sector company. In addition, the CEO is managing director of NPP and assists the CDS in exercising his NDA authority for NPP. The CDS has directed that for Public MW Programs the CEO shall:
- contribute to the development of Public MW policy;
  - develop, implement and report on programs as required;
  - provide advice and recommendations on current and future programs;
  - account for all expenditures undertaken by the CFPSA and reimbursed through the corporate accounts; and
  - report on plans, performance and results achieved.
7. The CDS has also directed that for NPP MW Programs the CEO shall:
- ensure the integrity of the NPP accountability framework and account for all CFPSA NPP expenditures;
  - initiate, develop, implement and report on the CFPSA business and strategic plan;
  - execute all CFPSA operations;
  - provide advice and recommendations on all NPP related issues, NPP MW Programs, and CFPSA operations, policies and procedures;
  - as delegated by the CDS, perform the powers and functions of TB for NPP Staff management;
  - approve NPP capital projects and write-offs within the limits of delegated authority; and
  - provide a communications plan.

## SECTION 2 – PERSONNEL SUPPORT PROGRAMS

### GENERAL

8. Personnel Support Programs (PSP) include both Public MW Programs and NPP MW Programs that support the operational readiness and effectiveness of CF members. The following Public MW Programs are administered by PSP:
- a. **Messes and Service Clubs.** Messes provide a meeting place to foster esprit de corps and comradeship. Service clubs provide an alternative to Mess bars;
  - b. **Military Fitness and Sports Program.** An MW program that provides CF members with fitness activities to ensure physical fitness to meet military operational requirements, and sports activities to enhance physical skills, build character, and promote team building;
  - c. **Military Family Services Program<sup>9</sup>.** An MW program that provides a coordinated and consistent approach to military family support in the CF;
  - d. **Health Promotion Program.** An MW program that provides tools to enable CF members to increase control over and improve their health; and
  - e. **Support for Deployed Operations.** A wide range of MW programs provided to enhance the morale and quality of life of deployed personnel.
9. Each of these Public MW programs is described below.
10. Public support for the MW programs identified in paragraph 8a to d above is provided both centrally and locally. Support for Deployed Operations is provided centrally in accordance with orders, instructions or directives applicable to Command operations. The actual level of Public support provided is subject to inclusion in and approval of the annual CFPSA and unit business plan, as applicable.
11. The NPP MW Programs administered by PSP are:
- a. **Community Recreation Programs.** MW programs that provides leisure activities that play an important role in developing and maintaining the military ethos essential for an effective and cohesive military force; and
  - b. **Specialty Interest Activities.** MW activities that provide a complement to community recreation programs.
12. Each of these NPP MW programs is described below.
13. The Public is responsible to provide a specified level of support to these NPP MW Programs. The actual level of Public support provided is subject to inclusion in and approval of the annual CFPSA and unit business plan, as applicable.

### MESSES AND SERVICE CLUBS

14. Messes are meeting places that foster the esprit de corps and comradeship essential for an effective professional armed force. Messes enable all ranks to become personally

<sup>9</sup> Although the Military Family Services Program is a PSP program, MFRCs are third party corporations independent of DND or the CF.

acquainted with their peers and subordinates and to assist with their professional development. Messes also provide a place to meet with personnel from other CF formations (regular or reserve) and with members of the armed forces of other countries.

15. The term “mess” means:
- a. the organization, whose membership is related to an identifiable rank, formed for the purpose of building esprit de corps and comradeship; or
  - b. the facility, or facilities, which provide space in which to carry out the functions of the organization and may include a wardroom or dining room, bar or anteroom, lounge, games room and other common rooms.

#### **AUTHORITY TO ESTABLISH MESSES**

16. Messes are established for the Regular Force and Primary Reserve under the authority of the CDS. They operate under the control of the CO designated as responsible for Mess services by the applicable Canadian Forces Organization Order.

17. Messes may be established at each unit for officers, officer cadets (where warranted), warrant officers and sergeants, and junior ranks. COs may authorize a combined mess when the number of CF members will not support separate Messes. COs may co-locate Messes for other reasons such as resource limitations, geography, or other unique circumstances.

#### **MEMBERSHIP**

18. Information on Mess membership is provided in CFAO 27-1.

#### **SERVICE CLUBS**

19. Service Clubs may be authorized as an alternative to Mess bars. They provide a place for CF members to socialize where consumption of alcohol is not the primary activity. Activities provided in Service Clubs are based on the interests of CF members and may include a lounge area, food outlet, either in the facility or reasonably accessible, dance area, games, and TV areas.

20. Service Clubs may operate either as part of the Junior Ranks Mess or as a separate MW facility.

#### **MESS DINNERS**

21. Mess Dinners are held for training purposes or to enhance unit cohesion and effectiveness, at which attendance is normally compulsory for CF members. DND Public Service employees and a limited number of official guests may be authorized to attend. Spouses or partners of attendees and unofficial guests are not normally included. Mess Dinners are not Hospitality Functions as defined in DAOD 1017-1.

22. Entertainment events, such as mixed mess dinners, for CF members, their spouses or unofficial guests are not authorized for Public support.

#### **MILITARY CEREMONIAL EVENTS**

23. Military Ceremonial Events recognize occasions of military, local or national significance, such as change of command parades, colours presentation, or special unit anniversaries, at which attendance is normally compulsory for CF members. Public

support for military ceremonial events is in accordance with the Hospitality policy, DAOD 1017-1.

#### **USE OF MESSES FOR MESS DINNERS OR MILITARY CEREMONIAL EVENTS**

24. Mess facilities are often used for mess dinners and military ceremonial events. These functions support the CF mission, are an integral part of the DSP, and are supported by the Public.

#### **MILITARY FITNESS AND SPORTS**

25. The Military Fitness and Sports Program consists of a balance of formal training classes and participation in fitness and sports activities both during on and off duty hours. Military fitness activities contribute to individual and collective readiness and effectiveness by ensuring CF members are able to meet the mental and physical demands of any assignment. Participation in sports reinforces fitness and contributes to team building and esprit de corps.

26. The Military Fitness and Sports Program includes:

- a. MW facilities, such as gymnasias, sports fields, swimming pools and ice arenas; and
- b. MW activities that are part of the formal military training system, including Royal Military College and CFPSA Training Centre at CFB Borden.

27. At the unit level, the Military Fitness and Sports Program is organized and controlled by the CO in accordance with CF policies issued through CMP, with consideration for special circumstances and needs at the local level.

28. The military fitness program is described in DAOD 5023-2 and the military sports program is described in CFAO 50-3.

#### **MILITARY FAMILY SERVICES PROGRAM**

29. The Military Family Services Program (MFSP) was implemented to provide a coordinated and consistent approach to military family support across the CF. The MFSP mission is to promote and facilitate community-based military family services that strengthen CF families and communities. In Canada, Military Family Resource Centres (MFRCs) deliver the MFSP. Outside Canada, Canadian Military Family Resource Centres (CMFRCs) deliver the MFSP. These centres are generally situated wherever there are concentrations of Regular Force families. MFSP is described in CFAO 56-40 and in the document Military Family Services Program: Parameters for Practice.

#### **TERMINOLOGY**

30. For the purpose of this manual:

- a. **Military Family Resource Centres (MFRCs)** - refers to military family resource centres located in Canada;
- b. **Canadian Military Family Resource Centres (CMFRCs)** - refers to military family resource centres located outside Canada; and
- c. **Canadian/Military Family Resource Centres (C/MFRCs)** - refers to military family resource centres located both in and outside Canada.

## **ORGANIZATION**

31. CFPSA/Director of Military Family Services (DMFS) manages the MFSP. DMFS responsibilities include ongoing monitoring and evaluation, provision of professional and technical advice, development of policies and services, and administration of corporate funding. Under the direction of DMFS, field operations managers provide advice and assistance on the MFSP to MFRC Boards of Directors (BOD) and COs.

### **MFRCs**

32. MFRCs are incorporated, not-for-profit organizations providing MW support for CF members and their families in Canada. Elected BODs, at least 51% of whom must be civilian spouses of full-time serving CF members, govern MFRCs. A memorandum of understanding (MOU) establishes the relationship between CMP and MFRCs. While they work in partnership with the local CO, MFRCs are third-party corporations independent of DND or the CF. With the exception of 4 Wing Cold Lake, where salaries are administered through the NPP accountability framework, MFRC employees are staff of a non-defence organization, whose salaries and overhead costs are Publicly funded through an MOU. The MFRC BOD is the employer of record for MFRC staff.

### **CMFRCs**

33. CMFRCs are NPP entities that provide MW support for CF members and their families located outside Canada. As NPP organizations within the local CF command structure, CMFRCs normally report to the Canadian National Military Representative (CNMR) in Europe and the United Kingdom, and to the CO, Canadian NORAD OUTCAN Staff (CNOS) in the United States of America.

34. Advisory Committees, in which at least 51% of members are civilian spouses of full-time serving CF members, assist CMFRCs. CMFRC Advisory Committees are not responsible or accountable for governance. The CNMR or CNOS is accountable for CMFRC activities. A Service Level Agreement (SLA) establishes the relationship between DMFS and the CF authority.

35. CMFRC employees are Publicly Reimbursed NPF Staff positions administered through the NPP accountability framework.

## **CONTROL OF FACILITIES**

36. With the approval of a CO and the BOD, an MFRC may assume the responsibility to operate or control some facilities that are normally part of the local community recreation programs.

## **SERVICES PROVIDED**

### **Mandated Services**

37. Mandated services respond to essential family needs that arise from the unique military lifestyle or that support personal, family and community development. C/MFRCs offer these services where a demonstrated need exists and in accordance with policies issued by DMFS. Mandated services make up the framework of the MFSP and are grouped into the following four categories:

- a. personal development and community integration;
- b. family separation and reunion;

- c. prevention, support and intervention; and
- d. child/youth development and parenting support.

### **Site-Specific Services**

38. A C/MFRC provides site-specific services as approved by a CO and agreed to by the MFRC BOD were applicable, to meet community needs. These services are consistent with the goals and objectives of the MFSP and may include primary day care services.

39. Site-specific services may be authorized from local Public resources, NPP, and fundraising, donations, grants, user fees or other revenue-generating avenues available to not-for-profit organizations.

### **Mission Information Line**

40. The Mission Information Line is a 24/7, toll free telephone call-in service that provides families information on deployed operations.

## **HEALTH PROMOTION PROGRAM**

41. The CF is committed to health promotion as both an organizational and an individual responsibility by providing tools and information to enhance health and reduce or eliminate high-risk behaviours amongst CF members. To complement the Military Fitness and Sports and community recreation programs, the Health Promotion Program focuses on stress management, injury prevention, addiction, and positive lifestyle habits such as nutrition and exercise. Health promotion enables members to increase control over and improve their health. It does not include treatment or rehabilitation. Under the terms of an SLA with Director General Health Services (DGHS), CFPSA delivers health promotion awareness and education. The Health Promotion Program is described in the document Strengthening the Forces.

### **ORGANIZATION AND RESPONSIBILITIES**

42. DGHS, in conjunction with the chain of command, is responsible for the Health Promotion Program and provides policy direction, program development and evaluation. The Surgeon General and unit medical staffs are responsible for medical treatment and/or intervention for CF members as well as technical and professional support and oversight.

43. Health Promotion Program delivery is coordinated centrally by CFPSA/Director Human Performance and Health Promotion. Health promotion teams headed by directors, reporting through the PSP manager, deliver this program at the local level.

44. CFPSA:

- a. coordinates, implements and delivers the program;
- b. establishes, operates and sustains a team of full-time qualified health promotion directors;
- c. administers funds for salaries, national aspects of program delivery and professional development of health promotion directors;
- d. provides financial management to support program delivery at the local level;

- e. communicates directly with DGHS and local representatives on resource needs and decisions related to delivery of services;
- f. provides professional and technical support to health promotion directors;
- g. monitors the quality of services provided; and
- h. conducts joint staff assistance visits with DGHS staff.

## DEPLOYED OPERATIONS

45. Deployed Operations support contributes to operational readiness and effectiveness, by providing a wide range of MW programs that enhance the morale and well-being of deployed personnel. The Public is responsible to provide central support to personnel on Deployed Operations. The level of Public support is subject to approval in the plans and orders for deployed operations and applicable business plan. There is no requirement for local level Public support to Deployed Operations.

46. Table 3-2-1 below describes each component of the Deployed Operations MW program.

**Table 3-2-1

## COMMUNITY RECREATION PROGRAMS

47. The manner in which CF members use leisure time is of prime concern in the military community. Community recreation programs are an MW program providing leisure activities that play an important role in developing and maintaining military ethos essential for an effective and cohesive military force.
48. Community recreation programs help reduce mental fatigue, tension and frustration that may arise in every day work. The activities may also play an important role in developing and maintaining new activities and interests to stimulate personal development, learn new skills, socialize and channel energy positively.
49. COs administer community recreation programs in accordance with CMP policy issued through CFPSA. A recreation director/coordinator or council may be established to assist in administering this Program.
50. Additional information on community recreation programs is provided in CFAO 50-2, CFAO 50-10 (scuba sports diving) and CFAO 50-20.

## ACTIVITIES AND FACILITIES

51. Depending on what is available in the local civilian community, community recreation program activities and applicable facilities may include provision of the following:

### **FLYING CLUBS**

55. Flying Clubs are not operated as Specialty Interest Activities. Based on expense, potential liability, and desirability of operating under independent charter, flying clubs are independent non-military organizations in Canada that may apply to use facilities under leave and license agreement in accordance with QR&O Article 29.09. Outside Canada, the provisions of CFAO 50-20 apply.

---

<sup>10</sup> The cost of construction of a new building or alteration to an existing building for an auto hobby club is a NPP responsibility.

<sup>11</sup> Vacation accommodations with minimal or no fees or charges may be operated as a community recreation program activity with the approval of the VCDS.

<sup>12</sup> The allocation of facilities to such organizations on a permanent or exclusive use basis is accomplished by a leave and license agreement or by an application to CFPSA to classify the facility as a Specialty Interest facility for purposes of Public support.

## SECTION 3 - CANEX

### GENERAL

56. CANEX operates a diverse resale organization to provide a wide range of goods and services to the military community. In Canada, business consists of retail, grocery, petroleum, special service and food service outlets operating at units. CANEX operates similar facilities in Germany for NATO. CANEX offers goods and services at competitive prices to meet consumer needs and generate profits in support of MW programs.

57. At Remote and Rural units, a reasonable range of competitively priced goods and services may not normally be available to CF members and their families because of the high costs of operation, transportation and accommodations. Additionally, the small size of the market often precludes economically viable operations. Substantial Public support is required for CANEX operations at these units to ensure that a reasonable level of goods and services is available.

58. At Semi-urban units, CF members and their families normally have access to community shopping facilities comparable to those at Urban units, but there may be some restrictions or constraints concerning access, the extent of the range of goods and services available, or the degree of competitive pricing. At these units, it is appropriate that there be sufficient Public support provided to CANEX operations to ensure that a reasonable level of goods and services is available.

59. At Urban units, CF members and their families have access to the full range of competitively priced goods and services. Most Urban units, however, are located in an area of the community where civilian sources of day-to-day needs are seldom available within reasonable and safe walking distance for transient and other personnel on the unit without transportation. Although there is a reduced obligation to provide Public support to CANEX operations at these units, there remain situations in which Public support is required to meet MW needs.

### ORGANIZATION

60. NDHQ Action Directive D8/89 established CANEX as a line organization responsible for all CANEX operations. The President of CANEX has a line authority for all CANEX outlets with the exception of CFS Alert and HMC Ships. Ministerial Organization Order 4/90 established CANEX as a unit of the CF embodied in the Regular Force. CANEX is part of the NPP structure governed by the CDS.

### CANEX RESALE OPERATIONS

61. CANEX resale operations include all NPP resale activities which, at the unit level, may include but are not limited to:

- a. **Exchange:** merchandising clothing, furniture, appliances, kitchenware, hardware, sporting goods, jewellery, watches, cameras and novelties;
- b. **Grocery stores:** merchandising groceries, including health and beauty aids and miscellaneous household items;

- c. **Gas outlets:** may include sale of gas, oil, parts, tires, batteries and accessories, and performance of service and repairs;
  - d. **Other businesses:** operations, including barber shops, beauty salons, news-stands, tailor shops, laundrettes, laundry and dry cleaning, taxi stands, photo shop, guest lodge, banks/credit unions and vending machines, operated either directly by CANEX or through a CANEX concession agreement; and
  - e. **Food services outlets:** operated either directly by CANEX or through a CANEX concession agreement.
62. CANEX resale operations do not include:
- a. deployed operations;
  - b. kit shops as authorized in accordance with CFAO 27-8;
  - c. licensed bar, snack bar, and dry canteen operations of a Mess or Service Club or Ship's Exchange which shall be considered as part of Mess or Service Club or Ship Exchange operations; or
  - d. licensed bar, snack bar, or pro shop type outlets, operated by and as part of a Specialty Interest Activity which is considered as part of that activity.

#### **CANEX OPERATED FOOD SERVICES OUTLETS**

63. CANEX operates three types of food service outlets, either directly or through concession agreement:
- a. **Dining Lounges:** resale operations that may serve hot or cold full course meals, serve alcoholic beverages, and provide table service;
  - b. **Cafeterias:** facilities fully equipped for the serving by counter service of hot and cold full course meals of all types and such other food items as typically included in commercial restaurant menus, together with tables and chairs for patrons, and facilities for dishwashing, storage, and maintenance; and
  - c. **Snack Bars:** any other CANEX operated eating facilities.

#### **CANEX OPERATED TB SUPPORTED EATING ESTABLISHMENTS**

64. The Public is responsible to ensure eating establishments are available for Publicly funded personnel in Public buildings, in accordance with TB minute 517521.<sup>13</sup> Specific CANEX operated cafeterias are designated as TB supported eating establishments.

#### **CANEX CONCESSIONS**

65. To meet the MW needs of CF members and their families, CANEX determines the best mix of resale goods and services delivered directly by CANEX, and those delivered through a CANEX concession arrangement. CANEX has the management expertise and shall arrange and administer all concession agreements, other than for the resale activities identified in paragraph 62 above. In accordance with NDHQ Action Directive D8/89, CANEX shall have the right of first refusal for any new resale activity contemplated at a unit.

---

<sup>13</sup> TB minute 517521 is the policy authority for the installation of eating facilities for Public servants in Public buildings.

66. At the request of a CO, CANEX is authorized to consider a concession arrangement for resale outlets in Messes and Specialty Interest Activities. COs are encouraged to pursue the benefits of CANEX management expertise in arranging and administering non-CANEX concessions.

67. A CO, through CANEX, may enter concession agreements for the use of federal real property through which a third party provides an MW resale operation. The President of CANEX, on behalf of a CO may approve concession agreements provided that:

- a. the total annual consideration does not exceed \$200,000 annually; and
- b. the term of the license does not exceed five years.

### **FINANCIAL PLANNING DIVISION**

73. The Financial Planning Division provides Public and NPP Financial Services as described in Tables 3-4-3 and 3-4-4 below. In 1998, Program Management Board approved a comprehensive and consolidated approach to personal financial services and authorized SISIP FS to:

- a. implement a CF financial counselling network at units across Canada;
- b. develop and implement new formal personal financial education programs for the CF; and
- c. assume responsibility for administration of CFPAF.

## **CHAPTER 4 – COST ELEMENTS OF PUBLIC SUPPORT**

### **SECTION 1 – GENERAL**

1. This Chapter describes the designation of units in Canada for the purpose of differentiating levels of Public support to MW programs and the cost elements of Public support to both Public and NPP MW programs.

#### **DESIGNATION OF SPECIFIC UNITS IN CANADA**

2. To differentiate levels of Public support, units in Canada are divided into four categories (Remote, Rural, Semi-urban or Urban) based on proximity to major civilian populations and the size of the military population. The military population includes the establishment strength plus the average trainee strength. Criteria for each category and the classification of units in Canada are shown in Table 4-1-1 below.

3. While the challenge to meet MW needs varies based on geographic, demographic, operational and other factors, the maximum level of Public support for MW programs may vary by unit location to reflect the difference in accessibility to MW facilities in the local community.

#### **PROXIMITY TO CIVILIAN POPULATION**

4. The need for MW facilities is not significantly affected by proximity to major civilian communities. However, the scope of MW facilities and method by which they are provided may be affected.

5. Large civilian communities normally have facilities to meet the retail, service and Specialty Interest needs of CF members. At units near major civilian communities, the need for shopping and service facilities may be limited to services such as barber shops, expressmarts, laundry and dry cleaning, and banking facilities. A civilian municipality of 25,000 normally ensures access to a reasonable level of shopping and Specialty Interest facilities.

6. An Urban unit may operate other outlets to generate funds, but need not subsidize unprofitable outlets that provide specialized goods or services. At a Remote unit, MW facilities may be provided at Public expense as described in this policy.

#### **MILITARY COMMUNITY POPULATION**

7. Military population has a direct bearing on the ability of the military community to support MW facilities and activities. Small units may not generate sufficient funds through direct charges and resale activities to support MW facilities. Units with a military population greater than 500 are generally able to support MW facilities without Public support.

**Table 4-1-1  
Classification of Specific Units in Canada**

### **CF SHIPS AND UNITS OUTSIDE CANADA**

8. CF ships and CF units outside Canada, other than those deployed on international operations, may be authorized the same level of Public support for in-theatre NPP MW programs as Remote units in Canada, where it is practical and unless otherwise specified in this policy.

<sup>14</sup> Due to isolation, the Public shall pay for initial provision, ongoing maintenance and utilities, and installed and operating equipment for all NPP MW facilities at CFS Alert.

## SECTION 2 – COST ELEMENTS

### COST ELEMENTS

9. Public support to MW programs falls into one of the following seven cost elements:
  - a. Personnel;
  - b. Facilities;
  - c. Maintenance, Utilities, Basic Services and Cleaning;
  - d. Equipment and Furnishings;
  - e. Supplies;
  - f. Transportation; and
  - g. Communications Equipment and Services.
10. Each of these cost elements is described in the tables provided in this chapter, where the cost elements are further divided into two or more cost items that provide greater definition of the Public support for MW programs. Some cost items apply to all MW Programs, while others are specific to NPP MW Programs. The examples provided in the respective tables are for illustration purposes and are not an exhaustive list.

### PERSONNEL

#### OVERVIEW

11. Personnel in Public MW Positions or NPP MW Positions deliver MW programs. The number of Public MW positions is as approved in the applicable annual business plan.<sup>15</sup> The employment of CF members, DND Public Service employees, or persons in Publicly Reimbursed positions may be authorized on a casual, part time, or full time basis in support of MW programs as described in this policy.

#### COST ELEMENT TABLE - PERSONNEL

12. Table 4-2-1a below provides the cost items of Public support for personnel for MW programs.

**FACILITIES**

**COST ELEMENT TABLE - FACILITIES**

23. Table 4-2-2 below provides the cost items of Public support for facilities for MW programs.

**Table 4-2-2

**Capital Projects**

24. All capital projects are administered in accordance with the RAMM regardless of the source of funds. Capital projects funded jointly by Public and NPP resources shall be approved in the long-term capital planning process for Public funds and by the CDS for NPP.

25. VCDS authority is required to construct or acquire Specialty Interest facilities at Public expense. NPP Capital projects may be approved in accordance with instructions issued by CEO CFPSA. The approval levels are set in the CDS Delegation of Authorities for Financial Administration of Non-Public Property. Any approval greater than \$1M requires CDS approval. The CEO CFPSA provides project management for NPP MW capital projects.

26. NPP funding may be provided as a grant or internal loan. Project approval is based on the circumstances and unit financing arrangements. Resale projects for system benefit will be funded by a long term internal loan, except that CFCF is responsible for repayment. In such cases, CFPSA shall either:

- a. make the facility available to the unit on a rental basis; or
- b. operate the facility and pay the unit an agreed annual share of the profits.

27. Requests for funding for development projects must be approved through the annual departmental business planning process.

#### **Retroactive Reimbursement by the Crown**

28. When a Public MW Program facility is not provided from Public resources, the VCDS may authorize the retroactive reimbursement of NPP from Public funds for the NPP construction of the MW facility. Retroactive reimbursement agreements must be authorized prior to final approval of the project and are subject to any TB constraints.

#### **OTHER PUBLIC SUPPORT FOR FACILITIES**

29. In addition to the cost items of Public support shown in Table 4-2-2 above, the following facilities support may be authorized for MW programs.

#### **Training Projects**

30. The CO of an engineering unit or the Commandant of the Canadian Forces School of Military Engineering may authorize a training project to construct, alter, or perform major maintenance on NPP MW program facilities. Provided there is legitimate training value, these projects may be performed during duty hours, and are subject to the normal capital project approval process. The Public is responsible for:

- a. salary cost of CF members; and
- b. rations and quarters.

31. The use of Mobile Support Equipment (MSE) may be authorized in support of training projects, with no recovery from NPP. MSE incremental costs required for training projects, such as Petroleum, Oils and Lubricants (POL), are a NPP responsibility.

#### **Joint Municipal Projects**

32. MW facilities may be developed jointly with civilian municipalities to provide a greater variety of facilities, ensure sufficient participants for viable operations, and reduce costs.

33. VCDS approval is required for joint municipal MW projects in advance of any commitment with a municipality. Submissions for VCDS approval shall be staffed through CFPSA and include the proposed share of construction cost, responsibility for O&M costs, conditions of use, and details on title, taxes, insurance, and liabilities.

#### **Self-Help Projects**

34. A self-help project is the construction of an NPP MW program facility with labour provided by CF members during off-duty hours on a voluntary basis. Self-help projects are subject to the normal capital project approval process.

35. The employment of CF members on self-help projects during duty hours may be authorized, subject to the recovery of salary costs, unless the Assistant Deputy Minister (Finance and Corporate Services) [ADM(Fin CS)] waives the recovery of these costs.

36. The use of MSE may be authorized in support of self-help projects, subject to the recovery of incremental POL costs from NPP, and provided that the use does not impair the ability to meet training, operational, or higher priority administrative needs. NPP is responsible for other incremental costs incurred for self-help projects.

#### **Demolition and Disposal of Facilities**

37. DND shall reimburse NPP for any NPP investment in MW facilities that are demolished or disposed of through Public Works Government Services Canada (PWGSC). This includes both Dedicated Use facilities and other facilities financed, in whole or in part, by NPP.

38. ADM (Fin CS) shall determine the amount of compensation for buildings that are demolished. For facilities disposed of through PWGSC, ADM (Fin CS) shall determine the amount of reimbursement to NPP as follows:

- a. firstly, for NPP buildings and installed equipment, the net selling price (sale price less selling expenses); and
- b. secondly, the percentage of the net selling price reimbursed to NPP shall be based on the NPP portion of the cost of new construction, improvements, equipment, maintenance and the number of years in use.

## **CHAPTER 5 – PUBLIC SUPPORT TO MW PROGRAMS**

### **SECTION 1 – GENERAL**

#### **LEVEL OF PUBLIC SUPPORT**

1. Public support to MW programs is provided both centrally and locally. Public support may vary over time and between locations depending on factors, such as local requirements, resources available and competing priorities. This chapter describes the maximum level of Public support authorized for each MW Program.
2. The Public provides support to Public MW Positions on the same basis as for equivalent rank or status of CF members or DND Public Service employees. Full Public support may be authorized for all cost elements of Publicly Funded and Publicly Reimbursed positions approved in the applicable business plan.
3. For all other aspects of MW programs, the maximum level of Public support that may be authorized is identified in the respective tables in this chapter. Within these maximum levels, the actual level of Public support provided to MW programs is subject to inclusion in and approval of the applicable business plan.

#### **SUPPORT FOR CFPSA HQ AND REGIONAL OFFICES**

4. Local level Public support for CFPSA Headquarters in Ottawa is a CFSU(O) responsibility. Support for CFPSA regional offices is the responsibility of the support unit to the level approved in the local level business plan and equivalent to the base support provided to other base elements.

## **SECTION 2 – MESSSES AND SERVICE CLUBS**

### **GENERAL**

5. Regular Force Messes and Service Clubs, excluding bar operations and entertainment activities, are Public MW programs. Full Public support may be authorized for all cost elements of Publicly Funded and Publicly Reimbursed positions approved in the appropriate business plan. Table 5-2-1 identifies the maximum level of Public support that may be authorized for all other aspects of Regular Force Messes and Service Clubs.

### **MESS MANAGER**

6. Mess managers plan, organize, staff, direct, and control Mess activities and events under the overall direction of the Mess committee. The Public is responsible to provide a Public MW Position, as applicable, for the management of each Mess with an ordinary membership over 50 for Officers Messes, over 100 for Warrant Officers and Sergeants Messes and over 200 for Junior Ranks Messes.

7. A CO may authorize up to two additional Public MW Positions, as applicable, for Mess management where there is more than one Mess in a category because of geographical separation or inadequate accommodation. A CO may reallocate mess management positions within local Messes as required.

### **FURNISHINGS**

8. Mess furnishings are the standard quality furniture and accessories needed to accommodate Mess operations. The Public is responsible to provide, repair and replace furnishings for Regular Force Messes and for temporary lounge facilities for CF members who are quartered in hutted or tented accommodation. Furnishings may be provided for main lounges, reading and games rooms, and dining rooms.

9. A CO may authorize Public funds to purchase standard quality furniture. If a Mess Committee chooses to buy better quality furnishings or specialty items using NPF, the Public reimburses NPF with the dollar value of the standard furniture.
