

#34 - POS "Communiqué"- TIP OPTION ON CHASE PAYMENT MACHINES (EXCEPT FOR ALL QUEBEC PSP ENTITIES)

In the next few weeks you will notice that the "Tip Option" will be deployed to all Chase machines at your messes. For some of you, this is not a change as you already have this option. We are nationalizing this process across all CAF locations with the exception of the Quebec messes where tips are not approved.

Your customers will have the option of leaving staff direct tips during their payment transaction (debit and credit).

This deployment will be finalized by Sept 1, 2014.
